workflow and
ePODS

**DASHBOARDS AND
DATA INSIGHTS**
Consolidated views
and customisable

MODULE | ORDER AND MULTI-PRINCIPAL MANAGEMENT

- Manage orders with flexible routing, load planning, shipment confirmation and reverse logistics.
- Advanced billing and invoicing included.
- Deliver exceptional service while meeting cost-saving objectives.

Powered by the **FLOW**_{ecosystem} **FORTE**TM
SUPPLY CHAIN SOLUTIONS

MODULE | ROUTE PLANNING AND OPTIMISATION

- Cloud-based, enterprise-level dynamic multi-day route planning for primary, secondary, and service fleets.
- Manages complex routing constraints across industries while supporting frequent, time-sensitive deliveries
- Reduce miles, vehicles and driver requirements without sacrificing service quality.

Powered by the **FLOW_x FORTETM**
ecosystem SUPPLY CHAIN SOLUTIONS

MODULE | **EXTERNAL TRANSPORTER MANAGEMENT**

- Advanced information and financial administration for logistics operations.
- Seamlessly ingest high volumes of orders from external planning and replenishment systems and allocate them to the optimal transporter based on cost or contract rules.
- Powerful tariff modelling supports customised contracts with flexible rate structures and quantity comparisons.

ecosystem SUPPLY CHAIN SOLUTIONS

MODULE | VISIBILITY AND CONTROL TOWER

- Manage trips in real time with live GPS / mobile tracking and planned routes from Tramm or external systems.
- Receive instant alerts, dashboards and predictive ETAs for full visibility across managers, expeditors, and customers.
- Improve performance with analytics-driven insights on travel times, dwell times, driver behaviour and vehicle utilisation.

Powered by the  **FLOW_x FORTE**™
ecosystem SUPPLY CHAIN SOLUTIONS

MODULE | MOBILE APPLICATION

- Android-based task and time management app for drivers and transporters with smart tools to capture proof of delivery, receipts, signatures and other documentation.
- Customisable workflows that allow you to design processes tailored to your operations.
for KPI monitoring, compliance checks, auditing and debriefing.
- Ensure drivers follow schedules accurately and adhere to your business processes.

MODULE | DASHBOARDS AND DATA INSIGHTS

- Get a real-time overview of your operations.
- Keep teams and customers informed with airport-style arrival and departure boards showing live statuses.
- Monitor performance with automatically generated scores for drivers, expeditors, fleets and trips - at a glance.
