SIX WAYS FLOW TMS CAN EMPOWER YOUR BUSINESS

- 1. SEE YOUR ENTIRE FLEET** with a complete view of vehicle availability, location, status and allocation in one place.
- 2. MAKE ALLOCATION A BREEZE** by auto-allocating vehicles to jobs faster and more confidently with all the information you need at your fingertips.
- 3. TAKE CONTROL OF YOUR OPERATIONS** with connected planning, dispatch and execution to keep your primary transport operation moving efficiently.
- 4. REDUCE ADMINISTRATIVE WORKLOAD** by automated routine processes, reduced manual data capture and accurately stored information across the operation.
- 5. STRENGTHEN FINANCIAL CONTROL** and capture billing, revenue and costs accurately while connecting financial information to what's happening operationally.
- 6. MAKE BETTER DECISIONS, FASTER** and bring operational, fleet and financial information together so your teams can act on one connected view of the business.

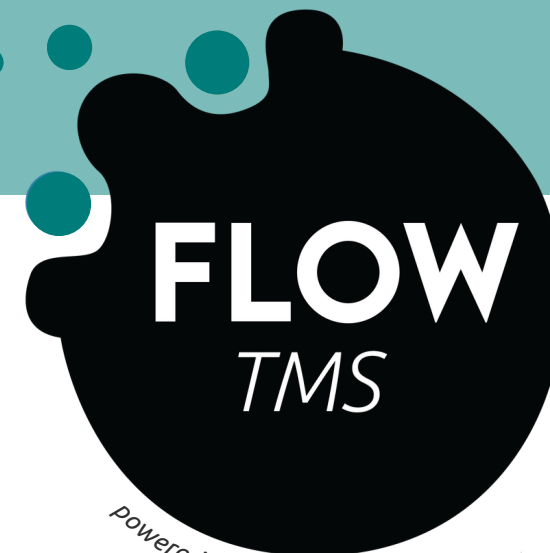

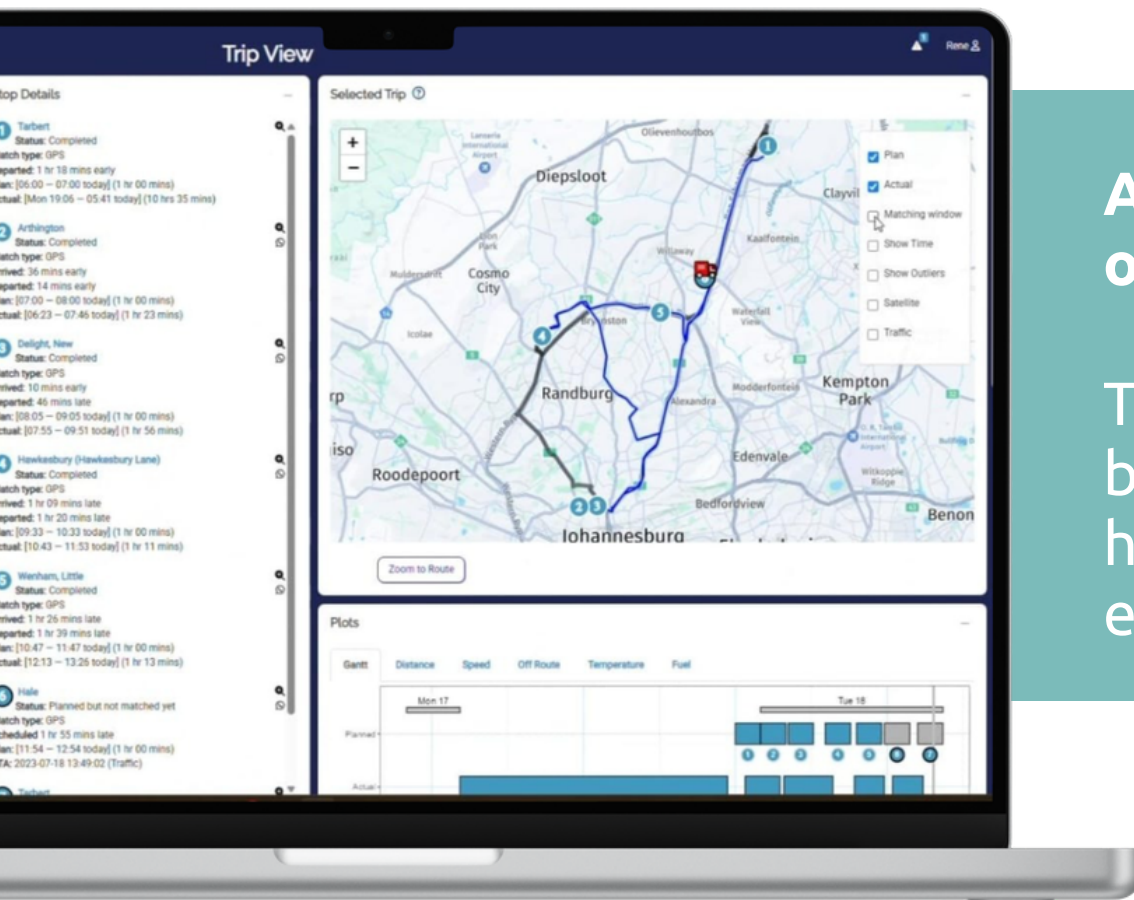

FLEET VISIBILITY

See the full picture and go beyond tracking vehicles.

Connect fleet visibility with the operational information you need to keep your transport moving.

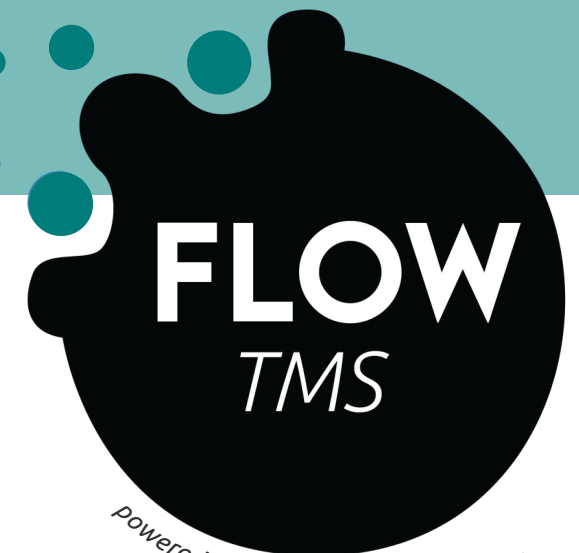

Powered by  DATATIM and  fleetvision

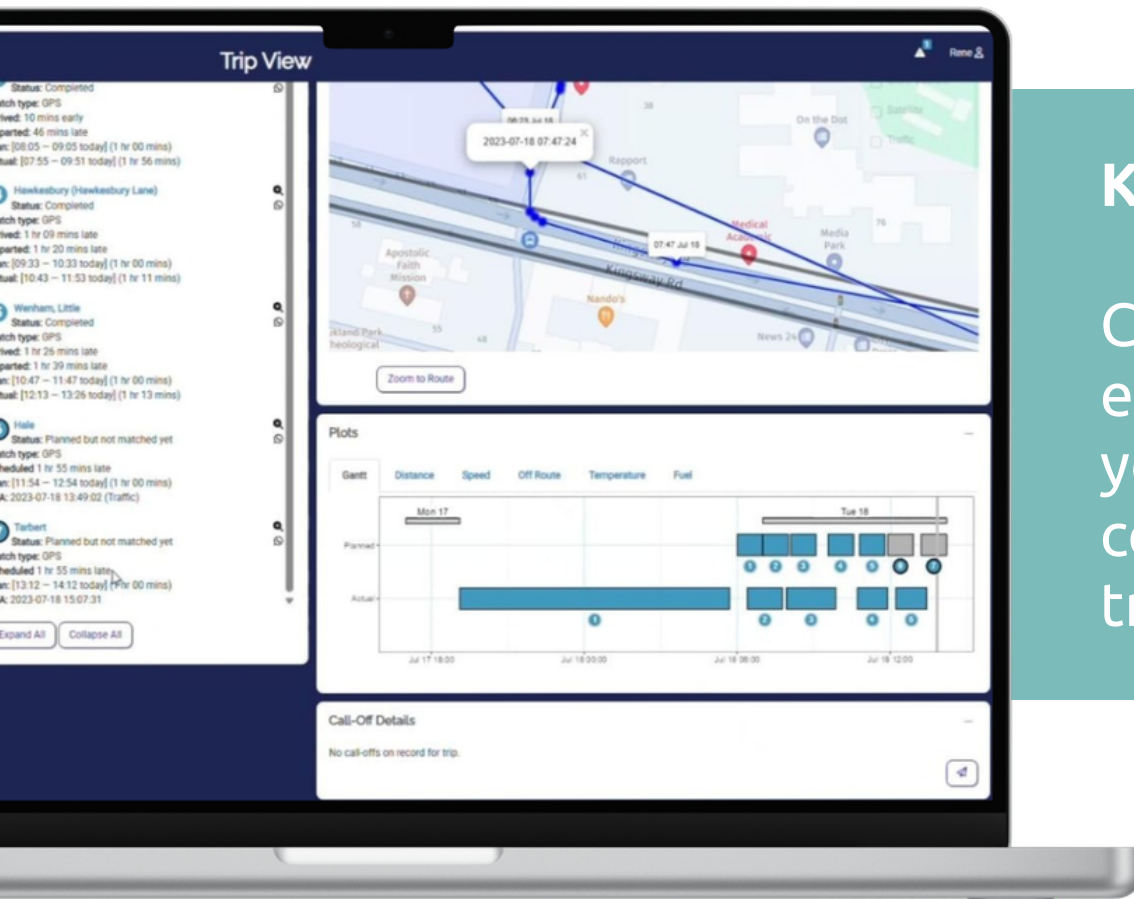

EFFORTLESS ALLOCATION

Auto-allocate, regional allocate or manual allocation.

Turn complete fleet visibility into better allocation decisions, helping you make the most of every vehicle and every trip.

ADMINISTRATION AND FINANCE

Take control beyond the road.

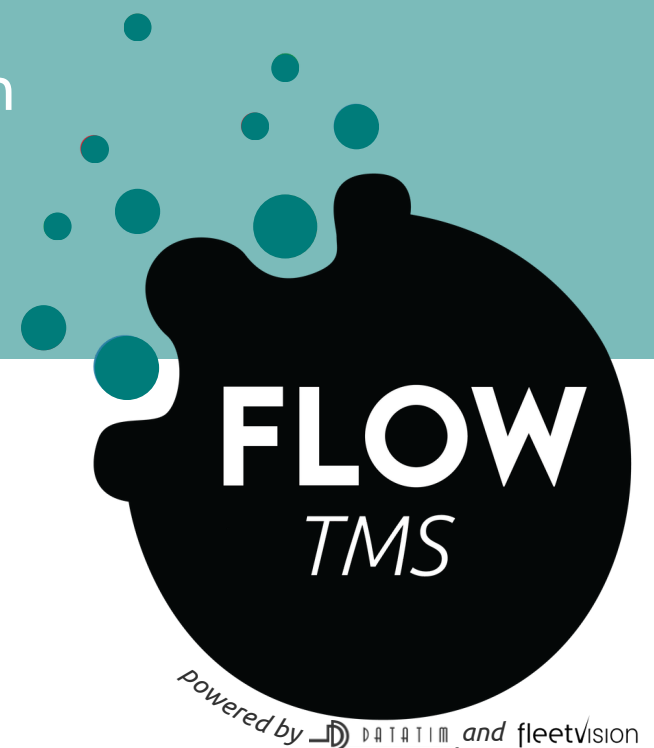

Reduce manual administration, improve billing accuracy and connect financial activity to what's actually happening across your fleet.

RUN YOUR BUSINESS ON WHATSAPP

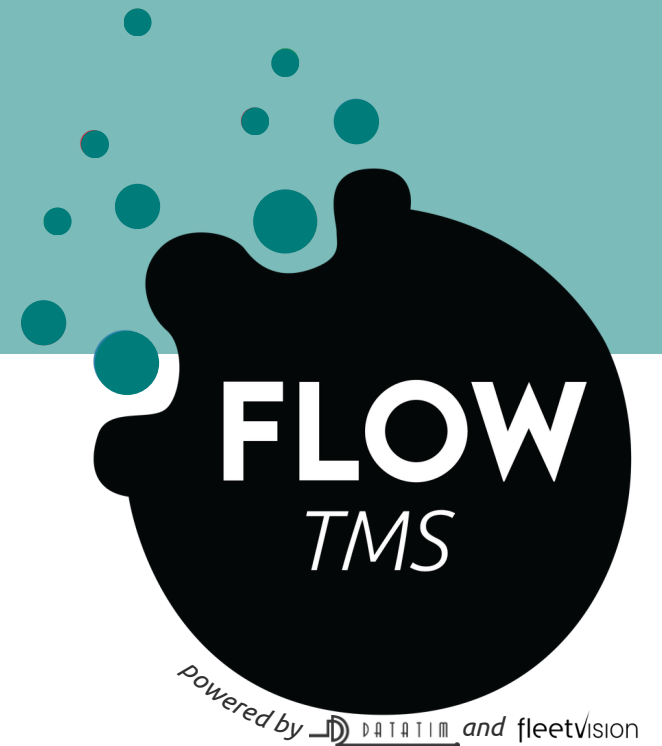

Connect your teams to the information and processes they need through a familiar channel, making communication faster, simpler and more accessible.

ALREADY HAVE DATATIM?

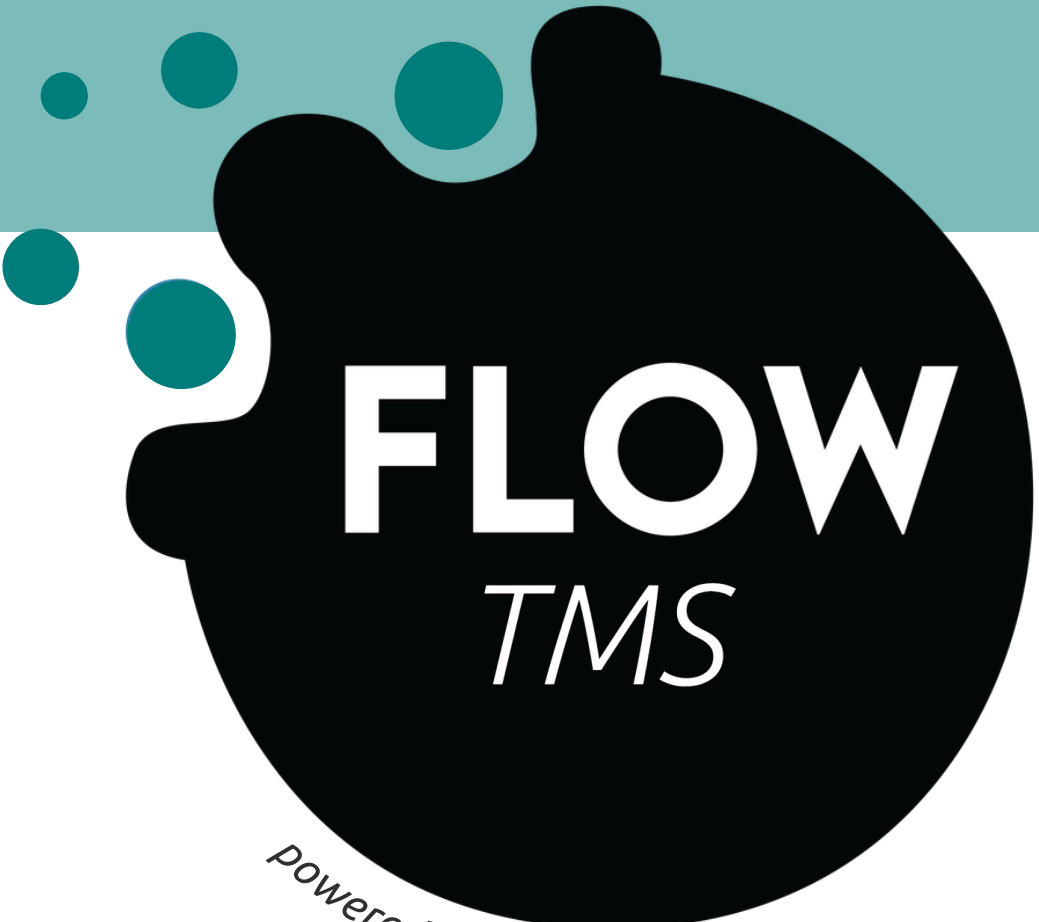

Just add FleetVision.

No rip-and-replace. No major change management. Just an additional layer of insight, visibility and capability - powered by FleetVision.
